

ZANDUR OPTIONS CUSTOMIZATION PROGRAM #141 CORK RUBBER FLOORING

Zandur Cork Rubber flooring is customizable with the following options. Samples on the far right page of the sample binder show a few variances using these options. Full details are as follows:

1. Color Fleck Option

- a. Select any base color from the Zandur color bank.
- b. Select any other color from the Zandur color bank to be used as a color accent fleck.

2. Surface Profile Options

- a. Product is stocked in solid colors in the smooth profile, however Zandur can supply the product in one of three optional profiles including hammered, round stud and square stud.
- b. Optional Profiles:
 - i. Hammered – Increases surface texture to help hide sub-floor imperfections and increases slip resistance.
 - ii. Round and Square Stud – Add a unique visual aspect to the flooring product while increasing slip resistance. Zandur's studded tile is available in 3.0mm thickness which matches up to the standard smooth profile 2.5mm, so any combination of profiles may be used in one area. Zandur's studded product is unique as stud edges are more gradual than others making it easier to clean and less susceptible to wear.

3. Sampling

- a. Color Flecks
 - i. Complete Zandur Options Sample form which can be found at zandurdocs.com (#140)
 - ii. 6 X 6 samples are provided at no charge in 1-2 weeks. Larger samples are available.
- b. Profile Options
 - i. Samples showing the profiles are available from your local sales group or from Zandur. Should you require a sample in a specific color or including a color fleck option, complete the Zandur Options Sample form located at zandurdocs.com (#140)
 - ii. Please allow 2-3 weeks for sample delivery. Two 24 X 24 samples will be provided.

4. Product Lead Time

- a. Upon receipt of signed off sample from specifier, production lead time will be approximately 8-10 weeks depending upon job size.

5. Order Quantities

- a. Minimum order for Zandur Options products is 936 square feet.

6. Pricing

- a. For full size samples or for samples of optional profiles in a specific color, a \$150 fee applies. Any sample charges will be credited back at time of order.
- b. 6" X 6" samples of a color fleck option are available at no charge.
- c. Please contact your local Zandur sales group for material pricing details. To find your local distributor refer to the sales group search engine at zandur.com
