ENVIRONMENTAL POLICY AND MISSION STATEMENT

#Z209

Zandur exists to serve our customers, our communities and our environment. The corporate policy of Zandur shall focus on simplicity, integrity, continual improvement, environmental stewardship and quality. We will fulfill this policy through:

1. Offering a concise line of high quality, functional products which are made wholly or partially of natural and/or renewable raw materials.
2. Representing the environmental aspects of our products honestly. We will not "green-wash" or misrepresent our products.
3. Being an environmental leader by continually improving our products while reducing the use of virgin raw materials and CO2 emissions.
4. Respecting the environment and its inhabitants and supporting various initiatives to increase awareness, education and action on these issues.
5. Treating customers and associates with honesty, integrity and respect.
6. Ensuring a safe working environment, fair pay, access to benefits and opportunities for advancement for all employees and associates of Zandur and our manufacturing partners.
